

# The Worthy Educator

## **What is Championing?**

Championing is a relationship-based partnership between veteran educators working to make a difference in their work, and to ultimately build a legacy they can pass on to the next generation; a legacy for which they can be proud. Through our work together, you focus on what you're passionate about, identify next steps on your journey, and move forward with an ongoing, reliable relationship with educators who understand.

## **Is this coaching?**

Yes but it's more! This is not a transactional relationship with specified deliverables for a set cost. You know who you are and where you are going in life. We work with you closely as partners in your passion and champions for your goals.

## **What is the focus of this work?**

Our focus is getting to know you and supporting you from wherever you lead in education: in the classroom, the office, or through other education organizations.

## **How does this work?**

Rather than a one-size-fits all approach, we get to know you, your values, your needs and interests, and build a trusting relationship with you that you can count on as you pursue the next phase of your career. Over time, our relationship with you becomes a reliable source of strength and support as you work towards your goals.

## **Are there guarantees?**

We promise to provide you with a unique relationship with veteran educators that you won't find anywhere else. This is not a cookie-cutter approach, so we do not guarantee prepackaged outcomes, but you will move forward with clarity and confidence in doing the work you are destined to accomplish.

## **How long is the commitment?**

There is no prescribed timetable for coaching. We commit to working with you for the long term. You determine how long and how often you want to meet. You can cancel any time.

## **What is the outcome?**

You will be featured on our Worthy Educator Champion in Education page, showcasing your preferred headshot, contact information, and a concise champion statement that shares your passion with educators everywhere.

## **How do I get started?**

Schedule time to meet with us and discuss working together [here!](#)
