The Worthy Educator Press Releases *The Way to Pancho's Kitchen*

WASHINGTON, DC (4/4/26) -The Worthy Educator, a mission-driven nonprofit community dedicated to mid-to-late career educators working to have impact and build legacies that inform and transform the future of education is proud to announce the publication of its fourth title, *The Way to Pancho's Kitchen* by Dr. Stuart Grauer.

"This book is the outcome of collaboration sparked by The Worthy Educator," explains Walter McKenzie. "Stuart approached us last fall exploring the possibilities he saw in our community, and the discussion turned towards a manuscript he wanted to publish as the legacy of his storied career. He didn't want to go the route of commercial publishing, because he wanted this book printed on his terms without the constraints he experienced with his previous two titles."

Stuart Grauer, Ed.D., is Founder and Head of School Emeritus of The Grauer School in Encinitas, California, and Founder of the Small Schools Coalition, a global network advocating for human scale, expeditionary education. An internationally recognized educational leader and storyteller, Dr. Grauer has spent five decades teaching, writing, and consulting on school leadership, naturalist education, and community building. A recipient of the Author E. Hughes Career Achievement Award from the University of San Diego, Dr. Grauer continues to write, consult, and speak internationally on educational leadership, nature-based learning, and the art of keeping schools true to their mission.

"This is a magical collection of stories," McKenzie adds, "But it's more than that. It's a manual for leaders in education seeking to reclaim the narrative through what Stuart calls a 'quiet revolution.' We are proud to be able to help him realize the crowning achievement of his life's work, and we are honored to call Stuart Grauer colleague and friend."

The Way to Pancho's Kitchen launches today in three formats: a digital eBook viewable on any device, a portable trade book-sized paperback ideal as a quick-reference companion, and a deluxe hardcover version with a blue cloth cover and a full-color dust jacket perfect for libraries and gift-giving.
